SUMMARY

Technical lead and full stack, mobile and DevOps developer. I work from planning and architecture through delivery and maintenance, with Scrum and Kanban, on R&D projects tied to LAMPI/IFCE and EMBRAPII, and I apply generative AI to products.

EXPERIENCE

ALMA Labs (formerly DARM Labs) · Tech Lead — May 2026 – Oct 2026
Technical leadership of JUS Workspace and team standards: development flow, code review within 24 hours and SemVer per commit.

GESAD · Tech Lead and DevOps — 2026 – present
DevOps for the IT area and technical leadership of the IncluEdu project.

DARM Group and DARM Labs · Full stack, mobile, DevOps and lab lead — 2022 – 2026
Full-time development and leadership of the lab, with more than 20 on-site research fellows.

LAMPI/IFCE · Mobile and project management — 2022 – 2023
Flutter apps for research projects and project management.

All Tech Solution · Flutter developer — 2023
Mobile app development.
